RFI# KL-22-009 Major Lottery Solutions

ADDENDUM I

Date: December 3, 2021

To: All Potential Suppliers

The Kentucky Lottery Corporation (KLC) has issued an Addendum I to respond to the questions submitted by email by the deadline date of November 29, 2021, regarding Request for Information (RFI) KL-22-009 for Major Lottery Solutions.

1. Would the KLC please allow a Round 2 deadline for Suppliers to submit written questions?

   A second round of questions will not be conducted prior to the Response submission deadline. Since this is an RFI, Suppliers will have other opportunities to ask clarifying questions, such as during the oral presentations, if held, and during the subsequent RFP process. Suppliers should provide information that would be informative to the KLC in preparing for the RFP process and evaluating its business model.

2. To allow Suppliers to deliver the most thorough and comprehensive responses, and considering unavailability of resources during the holiday period, we respectfully request that the deadline for submitting responses to the RFI be extended by a minimum of three weeks, i.e. from January 5, 2022, to January 26, 2022.

   The KLC has decided to extend the deadline for the submission of Suppliers' Responses to this RFI from January 5, 2022 to **2:00 PM ET on January 26, 2022**. Suppliers may submit completed Responses at any time prior to the new deadline.

3. To maximize the opportunity for the KLC to receive quality responses from vendors that are reflective of the exciting trends in the industry and in retail today, we request the due date for RFI responses be extended to, at a minimum, the end of January 2022. With this additional, post-holiday season time, all respondents to your RFI will have had more time to prepare responses that go beyond pre-packaged sales and marketing materials, and provide the most value to the KLC.

Please see the KLC's response to question #2 above.

4. Whether companies from Outside USA can apply for this? (like, from India or Canada)

   Foreign-owned corporations may respond to the RFI. However, all systems and data used in each proposed solution must reside within the boundaries of the continental United States.

5. Whether we need to come over there for meetings?

   Section 5 ("Background and Objectives") of the RFI indicates that respondents could be invited to provide oral presentations at the KLC's determination. At this time, the KLC has not decided whether oral presentations, if requested, will be conducted in person or remotely via a Webex session. However, if the determination is made that presentations are to be conducted in person, they will be held in Louisville, KY.

6. Can we perform the tasks (related to RFP) outside USA? (like, from India or Canada)

   Please note that this is an RFI, not an RFP. See the KLC's response to question #4 above.

7. Would the KLC please confirm if a response to Section 6.3, Industry Trends, is to be provided as it is not listed in Section 7, Submission Summary?

   Section 6.3 Industry Trends in the RFI is an optional requirement; however, Suppliers are encouraged to provide this information

8. Can we submit the proposals via email?

   Responses to the RFI should be submitted via email. Please reference Section 9 ("Submission Instructions") of the RFI.

9. Would the KLC please confirm the maximum file size that can be received by the email address provided in the RFI for email submission?

   The maximum file size that may be submitted to the designated Buyer's email address shown in the RFI is 30 MB. Suppliers may split the file if necessary and send the Buyer multiple emails. If a Supplier is unable to send an email successfully with a file attachment, please contact the Buyer referenced in the RFI.

If you have any questions or need any additional information, please feel free to contact me at darrell.wilson@kylottery.com or (502) 560-1773.

Respectfully,

Darrell E. Wilson
